

MTM Care

PERSONALIZED, ONE-ON-ONE CONSULTATION.

At Red Cross Pharmacy, we know how confusing medication therapy can be. That's why we're committed to ensuring our customers have all the prescription information they need to live healthier, happier lives.

For this reason, we're proud to bring MTM Care or Medication Therapy Management (MTM) to you.

MTM Care involves working one-on-one with your pharmacist to optimize the benefits and minimize the risks associated with your medications.

MTM CARE ENSURES YOU UNDERSTAND WHAT YOUR MEDICATION IS, WHAT IT'S USED FOR, AND WHY IT WAS PRESCRIBED TO YOU.

MTM Care also:

- Teaches you how to properly take medications
- Gives you the opportunity to ask questions and express concerns with your pharmacist
- Enables your pharmacist to minimize the cost of your medications
- Communicates recommendations to physicians when necessary to optimize the disease therapy of our patients

Personal MTM Care appointments are available at any Red Cross Pharmacy. If you have questions regarding MTM Care services or would like to schedule an appointment, please contact a Red Cross Pharmacy location in your area.
